The responsibilities of the committee are as follows:

- liaison between the community and the environmental company that treats our water features according to Sarasota County environmental laws.
- make informed recommendations regarding environmental issues that need to be addressed to the Venetia board when needed
- receive reports from SWFWMD (swiftmud) that monitor our water features and storm water runoff drainage systems These items must be in compliance with the state and county to protect from possible flooding.
- address the concerns of residents that see a problem with the water features and contact the appropriate people to determine what the problem is
- seek answers to questions that residents might have concerning their property that borders a water feature
